

Kent Nursery
DUBAI

IMPORTANT NOTICE REGARDING FOOD ALLERGIES

Dear Parents,

Welcome to Kent Nursery Dubai. This letter is to provide you with information regarding nut allergies. There may be some children in your child's class who have peanut and/or tree nut allergies. As the safety of our children is paramount to all of us at Kent Nursery Dubai, we need your support to make our classrooms "nut-free zones" during snack/lunchtime. A child with a nut allergy can suffer a serious reaction merely by touching a portion of food containing a peanut or tree nut. Therefore, we ask that you adhere to the following safety guidelines.

- Please do not send any peanut or nut containing products for your child to eat during snack in the classroom. Any exposure to peanuts or nuts through contact or ingestion can cause a severe reaction.
- If your child has eaten peanut or nut products prior to coming to school, please be sure your child's hands have been thoroughly washed before coming to school. (Note: Hand sanitiser does not remove peanut residue)
- Read ingredient labels carefully to ensure that the snack sent in with your child, to be eaten in the classroom is peanut and tree nut-free. This includes foods processed in a nut facility.

We appreciate your support of these procedures. If you have any questions, please contact the school nurse at cbartolome@kentcollege.ae.

Yours sincerely,
Kent Nursery Dubai

Please sign and return to the nurse or at the reception.

I have read and understand the peanut/nut-free classroom procedures. I agree to do my part in keeping the classroom peanut and nut-free.
